

To whom it may concern,

Classy Cleaning has completed several remodeling projects for us in the last few years. They have always provided a hardworking, knowledgeable crew, who has experience in all areas of construction, including tile work, painting, drywall and furniture cleaning.

We've most recently completed a remodel of our main floor restrooms, which are used mostly by clients and visitors. We have received numerous compliments on the complete turn around in the appearance of the restrooms. They are now fresh and updated with a beautiful, modern look.

We look forward to working with Classy Cleaning again on future remodel and update projects in our location.
